Acrasia Field	Senex Energy Li... Company
8	1,098.65
No. Wells	Cum. Oil (kbbbl)

Total Field Production per Year

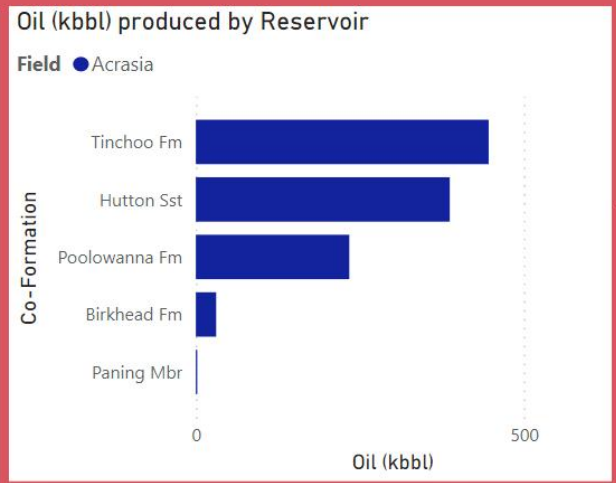

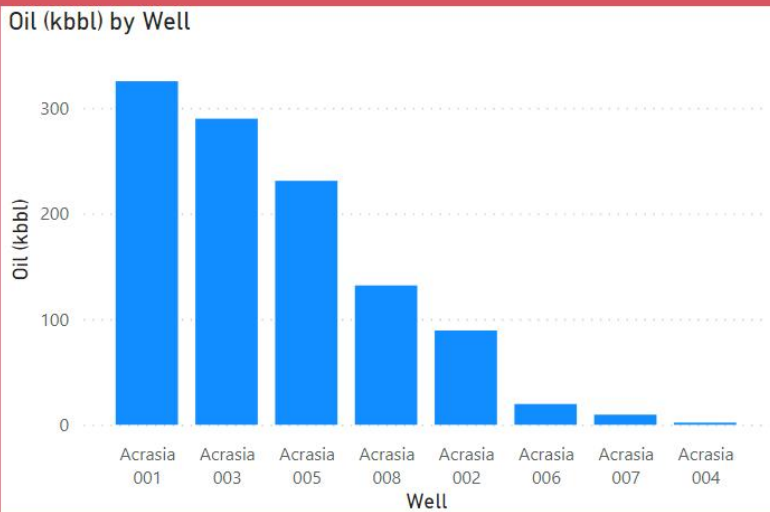

Well Locations

Dashboard setup to highlight what production comes from nearby South Australian fields by well and reservoir.

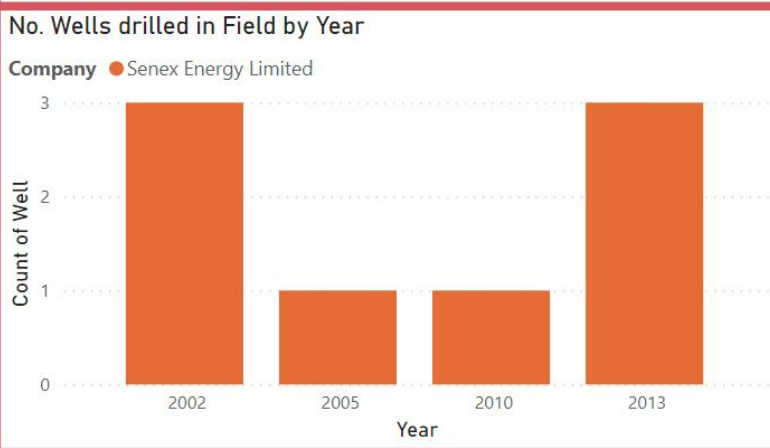

This view shows the entire dataset with increasing wells drilled by year but a recent decline in overall production and Santos as the key producer, extracting 161 million barrels of oil to date.
